

**What is the CHARR PAC?**

The CHARR PAC is the Alaska Cabaret, Hotel, Restaurant and Retailer’s Association’s political action committee. CHARR PAC receives voluntary contributions from members and friends of the industry and makes contributions to candidates for statewide office. CHARR PAC is non-partisan and is registered with the Alaska Public Offices Commission.

**Who decides which candidates receive contributions?**

CHARR PAC is governed by a separate Board. The Board contributes funds from CHARR PAC to campaigns of “pro-business” candidates who understand the needs of the hospitality industry. Your input is always welcomed!

**Why should I get involved in government?**

You should contribute because government is involved in your business in a big way. Your voice should be heard. CHARR PAC represents your business and will help elect candidates who understand business issues.

**How much should I contribute?**

Contributions should be made based on the importance to you of good representative government. “A dollar a day keeps the government *our* way!” **Alaska law limits individual contributions to \$500.00 per person, per year.** Please participate in electing good government! Get your employees, friends and relatives involved. Send in your contribution today!

**YES! I am interested in electing “pro-business” legislators. Here is my contribution:**
